

REMARKS

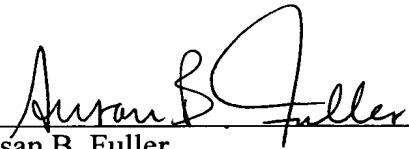

The specification has been amended herein to correct an amino acid repeat and to include sequence identifiers. The drawings are also amended herein to include sequence identifiers. The amendments are made to comply with the sequence rules as set forth in 37 C.F.R. § 1.821 through 1.825.

In the event that there are any questions relating to this Amendment or the application in general, it would be appreciated if the Examiner would contact the undersigned by telephone at (858) 509-7337 so that prosecution of the application may be expedited.

Respectfully submitted,

BUCHANAN INGERSOLL PC
